(5) that although the plaintiffs have proved infringement under 35 U.S.C. § 271(e) as to

the defendant with respect to each of the nine asserted claims listed above, the Court's finding

that all of the nine asserted claims are invalid requires that the defendant be granted judgment on

each of the plaintiffs' claims of patent infringement;

(6) that judgment is granted to the defendant on the defendant's counterclaims for a

declaration of invalidity with respect to the nine asserted claims listed above.

Costs are awarded to the defendant and against the plaintiffs in accordance with 28

U.S.C. § 1920.

Any other relief sought by the plaintiffs is denied. Any other relief sought by the

defendant is denied.

IT IS SO ORDERED.

SIGNED this 24th day of August, 2018.
